Our staff is looking forward to welcoming you to Marina Del Rey Restaurant and Lodge at Lake Oviachic a few miles northeast of Ciudad Obregon in the state of Sonora. We know you will find the fishing to be World Class, the food to be excellent and the beer to be very cold.

Note: During the months of February and March, fishing is catch and release only. These are government rules meant to protect the fish population during the spring spawn

Oviachic gives you the most for your money. A 3 day 4 night trip for one fishermen is \$1,295.

Best Regards,

## Marina Del Rey at Lake Oviachic Boats

We own several boats with 50HP Johnson motors and electric trolling motors that are equipped with live wells and now make them available for fishermen such as you. They are only captained by our experienced guides which will make it easier fishing.

We also offer fishing out of Ranger boats here at the lodge.

### RESTAURANT AND SPECIALTY SERVICES:

You will find that the food here in the restaurant at Marina Del Rey is excellent and priced very moderately. One of our most popular dinners is deep fried bass with french fries and salad, we strongly recommend it along with a cold Mexican beer! We

frequently receive comments from Americans visiting the Marina that the food is some of the best they have had in Mexico. Also on the minue is steak and srimp, fried or grilled. Lunch and dinner are always available and if you desire a hot breakfast, it can normally be arranged. However, most fishermen are anxious to get on the lake as early as possible and usually just have a quick cup of coffee and perhaps a pastry.

## ROOMS AND FACILITIES

All our cabins sleep 4 people. One cabin accommodates two fishermen. Each cabin has air conditioning, a stove and full size refrigerator. The showers are wonderful with on demand hot water. In the evening everyone can gather on the back deck for drinks and discuss the days catch before dinner. The sunsets are something to behold from this view point. Away from the city lights, when dark thirty comes you will see stars in the sky that you didn't know existed, Bedtime will be a wonderful experience after catching 25 bass over 5 lbs., each day. The compound is gated and a night watchman is always on duty to make sure everyone is safe. Phone service is available at the restaurant. I have received many calls on my cell phone while staying at Marina Del Rey, but you will not have service to call out
